like the wind that's beside me

$G^{(add9)}$
Free
From the judgment of me

$G^{(add9)}$
Free
from what is expected

E_m
Free
to be what I am

$G^{(add9)}$
I See,
Everything clearly

E_m D^5
I in me
And Where I should be

$G^{(add9)}$
Free
Like the bird in the sky,

A_m B_m C
Like the bit of the drum inside me.

D
You can take my life

but you can't take my freedom

You can lock my body

But you cant have my heart

If you surround me with water

Ill split the Red Sea

As I hold the key to free me

Free

From the chains of regret

Free

from all of my fears

Free

from the grief that I caused,

As I know that the love is still here

You can take my life

but you can't take my freedom

You can tie my hands

But you cant have my heart

If you surround me with water

Ill split the Red Sea

As I hold the key to free me
